Frequently Asked Questions

(from Diocese of New Ulm website)

Why does a Catholic wedding have to take place in a church?

For Catholics, marriage is not just a social or family event, but a Church event. For this reason, the Church prefers that marriages between Catholics, or between Catholics and other Christians, be celebrated in the parish church of one of the spouses. Only the local bishop can permit a marriage to be celebrated in another suitable place.

Why should a wedding between two Catholics usually be a Mass?

A wedding between two Catholics should usually be a Mass because the Sacrament of Matrimony reflects the endless love between Christ and his bride, the Church. In the Eucharist, Christ gives himself body, blood, soul, and divinity to his bride; we become "one flesh" with him every time we receive his Body in Holy Communion! This is why St. John Paul II called the Eucharist "the Sacrament of the bridegroom and the bride" (Mulieris Dignitatem n. 26).

Can favorite songs be sung or played, even if they do not have Christian words?

Only sacred music, that is, music with sacred words and a sacred sound, may be used in the liturgy. Popular songs should not be used, even "Christian pop," which does not have the qualities of sacred music.

It is difficult for us to imagine how unfathomably beautiful is the love between Christ and his Church which is imaged in human marriage. Rather than using secular love songs in a sacred ceremony which celebrates this great mystery, we should use sacred songs which express the deepest reality of the Sacrament of Holy Matrimony. Save your favorite secular or Christian pop songs for the reception!
